

Friday, May 16–May 18
2025

Kent, CT

Camp Compassion, our overnight bereavement support camp for children and teens ages 6-17, is a powerful means of fulfilling our mission to offer *hope and healing to grieving children*. Each year, funds are used to support:

- Fun camp activities including dance, drum circles, a disco party, ziplining, games, and s'mores making
- Healing ceremonies including group circles, parent support, and luminary jars
- Camp overhead including lodging, food, and other expenses
- Clinician support and volunteer training

2024 Recap

54 campers
45 caregivers
46 volunteers
17 clinicians

We are honored to receive such heartfelt feedback from families who find support, love, and community at Camp Compassion. We are beyond excited to offer camp again this year.

"The bond formed over the 48 hours is incredible. These kids are taught ways to understand, express and process their grief without even realizing that's what they're doing. There is a great balance of grief work and normal camp activities. The dance party Saturday is a huge hit! My son loved camp and asked to go back as soon as I picked him up."

-Camper Parent

"It surely takes a village in this grief journey to keep moving forward. My daughter and I really appreciate the mission and dedication of The Cove."

-Camper Parent

Thank You 2024 Sponsors!
